

Dear Families,
9-5-11

Thank you to Issiah, Annuh, Payton and Shayne for snacks this week.

Thanks in advance to Levi, Tanner, Mrs. Cypher, Gunner and Landon for next week's snacks.

If possible, have your child bring a baby picture of themselves to school by Thursday for a science lesson. If you can find one of your child around age one that would be perfect.

I've had some parents give the suggestion of telling you the full address for my wiki which is: <http://mrscypherfirstgrade.wikispaces.com/> Thanks for the suggestion! There are some new pictures posted.

Congratulations to Shayne and Justin our first grade Students of the Month!

We begin our fall reading assessments today. We will also be: finishing our review of kindergarten words, taking our first math test, continuing to look at animals in science and reading a new big book.
